HP DesignJet printers | HP® Official Site File expansion in the HP Designjet 400 series printer buffer depends largely on file content. Labels, polygons, line

widths greater than 1 mm, and raster data are examples of memory-eaters. When receiving a print, the HP Designjet 400 series printer stores all the vector data and raster data in the memory buffer.

In some cases, you may also find free books that are not public domain. Not all free books are copyright free. There are other reasons publishers may choose to make a book free, such as for a promotion or because the author/publisher just wants to get the information in front of an audience. Here's how to find free books (both public domain and otherwise) through Google Books.
