Why Is There Something Rather The question, “Why is there something, rather than nothing?”, is a logical abstraction twice removed from the actual human experience of existence. As a logical abstraction, “some thing” cannot be the starting point of a philosophical argument which reaches, in conclusion, the existence of any entity, let alone that Being whose nature is to exist. Why Is There Something Rather than Nothing? - Catholic Stand It is precisely because the infinite side is positively more than the negative nothingness side, that, crucially, for all eternity there must always be something rather than nothing. And this something must always be positive relative to a

negative opposite. • When positive and negative cancel each other out there is nothing. But because there must always be something rather than nothing, then positive will always win out over negative. Why Is There Something Rather Than Nothing? | First Cause Why is there something rather than nothing? Some physicists think they can explain why the universe first formed. If they are right, our entire cosmos may have sprung out of nothing at all. BBC - Earth - Why is there something rather than nothing? So, returning to our original question, "Why is there something rather than nothing?" before we can attempt to answer this, we first need to know what kind of question it is.
